

RITEK *Pro*

CD-R

Show up Your Brand No Color Difference

- *Fast printing speed*
- *The optical disc prevents sticking*
- *Printing without color difference*

RITEK Pro CD-R 52x 700MB addresses the needs of professional users.

Key Benefits

- **No Color Deference**

Print to center - It gives you the most printable surface area and is no color difference between hub to mirror band with main print area.

- **Global Compatibility**

Superb performance and compatibility with the most popular drives in the market.

- **Great Weatherability**

Guaranteed archival life of more than 60 years.

- **Good Compatibility with Ink**

Compatible with inkjet and thermal printers from major manufacturers.

- **High Product Stability**

High consistency and low variation from batch to batch.

It is a high quality product perfect for large volume duplication, data storage and healthcare environments. RITEK Pro CD-R ensures flawless disc handling at consistent high quality to guarantee excellent throughput on automated thermal and inkjet based publishing systems.
